

LINCOLN

# 2011 LINCOLN MKX

## Intuitive High-Def Machine

The 2011 Lincoln MKX luxury crossover is all-new inside and out, with a freshened exterior that embraces signature Lincoln DNA as well as innovative features headlined by the arrival of segment-first MyLincoln Touch™ driver connect technology.

Left-side 4.2-inch color LCD cluster screen provides the driver with traditional vehicle information

Right-side 4.2-inch color LCD cluster screen provides the driver with an interface to the infotainment/multimedia system

MyLincoln Touch 8-inch full-color touch-screen LCD provides interface to multimedia and climate control systems

Touch-sensitive slider feature with LED chaser lights for fan speed and audio volume with nighttime Lincoln White illuminating indicators at each touchpoint

New, bi-functional projector beam headlamps; available adaptive HID headlamps

100 percent touch-sensitive switches

New front end (fenders, hood, fascia, signature Lincoln split-wing chrome grille)

New, body-color mirror skull caps

New, unique taillamps, LED redundant lamps, fascia

New, larger oval chrome rolled-edge exhaust tips

New, unique 18-inch painted aluminum, 18-inch polished aluminum, 20-inch chrome clad and 20-inch polished wheels available

Chrome door handles, integrated Intelligent Access door handle

Lower door cladding with new chrome accent strip
