

TECH ON DECK

The new Ford Escape offers these great available technologies

ENHANCED ACTIVE PARK ASSIST

(New for 2017)

Parallel or perpendicular, parking anxieties are a thing of the past.*

LANE-KEEPING ALERT

(New for 2017)

Warns the driver if the vehicle starts to drift into another lane.**

LANE-KEEPING AID

(New for 2017)

Steering assistance can help guide a drifting vehicle back into its lane.**

DRIVER ALERT SYSTEM

(New for 2017)

Monitors driving performance over time to assess driver alertness.*

HILL-START ASSIST

Avoid rolling backward when starting on a slope.*

HANDS-FREE FOOT-ACTIVATED LIFTGATE

Hands full? Open the liftgate with a kick of your foot beneath the rear bumper.

BLIND SPOT INFORMATION SYSTEM

Lighted warnings in your sideview mirrors help minimize those blind spots.*

INTELLIGENT FOUR-WHEEL DRIVE

Provides confidence in various driving conditions.

ADAPTIVE CRUISE CONTROL AND COLLISION WARNING WITH BRAKE SUPPORT

(New for 2017)

Advanced radar monitors for slow-moving traffic ahead.*

SYNC CONNECT

(New for 2017)

Lock, unlock, locate and start (when properly equipped) your vehicle using an app on your smartphone.†

ECOBOOST ENGINES WITH AUTO START-STOP

(New for 2017)

Efficient power of EcoBoost®; engine shuts off when sitting idle.

AUTOMATIC HIGH-BEAMS

(New for 2017)

Help avoid blinding drivers in oncoming vehicles.

Pre-production model shown. Available spring 2016.

*Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle.

**Lane-keeping system does not control steering.

†Includes service for five years. Message and data rates may apply.

BE UNSTOPPABLE
