Ford Strengthens Commercial Vehicle Leadership in First Quarter; High-Series and Retail Sales Grow

“I’m very pleased to see that now close to half of our sales come from our commercial vehicles and SUVs. This is a trend we expect to grow as we launch more new commercial vehicles, like the Transit Custom PHEV, and SUVs, including the Explorer PHEV, in Europe during the year.”

Roelant de Waard, Vice President, Marketing, Sales and Service, Ford of Europe
